## Water Restriction Exemption Request Form

### *Exemptions*

In certain circumstances, a Water Service Provider may consider granting an exemption to water restrictions upon an application being made by a customer.

The overriding objective is to maximise water conservation during times of restriction, while at the same time, endeavouring to ensure that no customer segment or individual is disproportionately impacted by water restrictions.

Applications for an exemption must be made either on this form or in writing.

All approved exemptions may be logged on a register, where the public may seek clarification over the status of an exemption. The only information which will be made public is:

- The site address for which the exemption is granted;
- Details of the terms of exemption;
- Date approved and sunset date, if appropriate.

Approval of exemption terms is conditional to the applicant agreeing to:

- The exemption will be granted to a specific site address, or a particular person or organisation, or in special circumstances, both a particular person or organisation AND a particular site;
- Where applicable, signage will be provided by the Water Service Provider to be prominently displayed;
- Co-operating with any random audit of site compliance for granted exemptions, to ensure alternative arrangements are being adhered to;
- Re-applying should the restriction level change.
