

FRIENDLY NOTIFICATION

Dear Dog Owner,

You may not know that your dog/s is excessively barking which is very disruptive.

I have nominated times below when the barking has recently occurred to assist you in identifying the cause of the barking.

Hope you don't mind me giving you this advice but I would rather let you know first than making a complaint to the Council.

The Council has barking dog advice on their web page at this link which may be of assistance <https://cutt.ly/4Kj5MpP>.

The dog/s recent bark times are:

Date	Barking start time	Barking stop time	What is dog barking at?

Hoping this information helps.

Kind regards
