

WELCOME TO THE CASSOWARY COAST REGION

Sustainability Quickstart Guide

Welcome to our breathtaking region.

Whether you're a local or a visitor travelling through, we are truly excited to share this extraordinary place with you. Our region is home to two remarkable World Heritage areas: the Wet Tropics Rainforest and the Great Barrier Reef Marine Park. These iconic landscapes are not only globally treasured but are deeply embedded in the lives, stories, and traditions of the First Nations people.

As you explore our spectacular sites and vibrant communities, we ask that you join us in caring for the people, places, and cultures that make this region so special. Please travel safely and remember to treat these sacred landscapes with the respect and show consideration to the people and wildlife you encounter.

We can't wait to show you around and invite you to be part of its ongoing story—one that blends nature, culture, and community.

Your Sustainability Quickstart Checklist

Travel safely and responsibly.

Show respect and care for natural landscapes/sites.

Dispose of waste properly.

Respect local community and wildlife.

Leave only footprints
